General Data Protection Regulation – Are You Ready?

A Guide to European Data Protection

This book by Dr Lisbeth Tofte Hemmingsen with contributions by Professor Dr David Hutchinson focusses on European data protection rules based on the latest General Data Protection Regulation.

General Data Protection Regulation 2016/679

This book is a reproduction of the EU General Data Protection Regulation 2016, No. 679.

- It is A5 size, spiral bound and consists of around 160 pages.
- It contains a unique subject index to help the reader find relevant sections in the Regulation more easily.

Can be done on PCs, Macs, iPhones, iPads and android devices

The Principles of the General Data Protection Regulation (GDPR)

This online, on demand training with a quiz and certification is an ideal way for those processing personal data to learn about the latest requirements for data protection.

Content includes:

- Key roles
- definitions of personal data
- applicability of the GDPR and exemptions
- consent and rights of Data Subjects
- obligations towards Data Subjects
- risk assessment
- data transfer outside EEA
- record keeping
- data security and storage
- the Data Protection Officer
- data protection 'by design and default'
- audits
- managing breaches, compensation and penalties
- data protection checklist
- specific chapters for pharmacovigilance and clinical trials.

Both books and online course cover the principles of data protection covered by the EU General Data Protection Regulation No. 2016/679.
