Brookwood's  
Online GCP  
Training for  
Investigators

## On demand, online GCP training for investigators and site staff

**Essential GCP for Investigators** – narrated and read-only tracks, suitable for both inexperienced and experienced staff

**GCP Refresher for Investigators** – ideal for those who have had GCP training and need an update/refresher

### What are the benefits of this investigator training?

- Online, on demand. Do it anywhere! All that is needed is a strong continuous internet signal
- Meets TransCelerate minimum contents requirements
- Globally log in at any time 24/7, 365 days a year
- Can be done using PC, laptop, iPad, iPhone and android devices
- Tracking of user activity
- Progress reporting by user and group
- Certification for satisfactory completion
- The training is personalized using the participant's first name
- Costs depend on the number of participants
- Excellent packages for multiple users
- Option to fix costs with a 2-year agreement or longer
- Help in the event of problems
- Valuable e-resources include a Guide to Consent, an Essential GCP book and a copy of the ICH GCP E6(R2) guidelines

### Essential GCP for Investigators

- Based on the investigator responsibilities laid down in section 4 of the ICH GCP Guideline E6(R2).
- Users can choose between a narrated or read-only (no sound) track
- The training is divided into key sections each with interactions
- Integral quizzes and an online multi-choice test at the end of the training confirms knowledge
- Those who attain the 80% pass mark receive certification
- Test answers can be reviewed and the test retaken
- Available in 11 languages: English, French, German, Italian, Polish, LatAm Spanish, Brazilian Portuguese, Chinese, Japanese, Russian, Turkish
- Takes around 1 hour

### GCP Refresher for Investigators

- An interactive quiz game to scale the highest buildings of the world – it adds fun and interest to GCP training
- It is an ideal refresher
- 11 levels of slightly increasing difficulty, complete them all to pass
- 5 questions at each level, must get 4 correct to proceed (80%)
- Feedback given for incorrect answers, opportunity to review and repeat the level
- Compulsory 'Did you know' sections to enhance learning
- Investigator-specific questions cover a wide range of GCP topics based on ICH E6(R2)
- Takes around 45 minutes
